Utilize CLMA’s “Body of Knowledge for Medical Laboratory Management” to Achieve ASCP’s DLM Certification

Patty J. Eschliman, B.S., MLS(ASCP)CM
CLMA, Board of Directors

Rebecca Kenner, B.S., DLM, MT(ASCP)
Chairman ASCP DLM Exam Committee

Anne Pontius, MBA, CMPE, MT(ASCP)
CLMA, Immediate Past President
Session Objectives

Following this session, the attendee should be able to:

1. Perform management competency gap analysis on him/herself and staff by utilizing the CLMA Body of Knowledge for Medical Laboratory Management (BOK) and testing areas of the ASCP Diplomate of Laboratory Medicine (DLM)

2. Determine appropriate educational resources to bridge gaps in managerial competencies established from a gap analysis

3. Promote the laboratory management professional by understanding the unique set of competencies needed to be a successful manager or administrator and the knowledge necessary to successfully pass the ASCP DLM certification
What is a Body of Knowledge?

• A tangible document that:
  ♦ Defines the scope of knowledge of a profession
  ♦ Legitimates the profession
  ♦ Creates credibility for the profession
  ♦ Provides guidance for career building
  ♦ Can be used to identify and resolve management issues
CLMA’s BOK for MLM

• Why does MLM need a BOK?
  ♦ CLMA’s vision to appropriately fill the void
  ♦ Insufficient programs offering management certification
  ♦ Growing profession that needs guidance for succession planning
  ♦ Need for profession legitimacy in eyes of the C-suite: CEO, CFO, COO, CIO, CCO, CMO
Career Advancements

What is the BOK’s structure?

• Domains
  - Major area of management responsibility

• Competencies
  - Skills necessary to demonstrate requisite performance (listed as objectives)

• Tasks
  - Activities that demonstrate achievement of competencies
    - Levels – I (Emerging), II (Developed), III (Advanced)
How was the BOK established?

CLMA BOK Task Force

- Diana Mass – Chair
  - MA, MT(ASCP)
- Connie Bishop
  - MT(ASCP), SH
- Barbara Diefenbach
  - MSA, MT(ASCP)
- Rodney Forsman
  - BS
- Deborah Garton
  - MHA, MT(ASCP)
- Paul Keoppel
  - MBA, MT(ASCP)
- Paul Labbe
  - NMT, MCLT
- Barbara Lemay
  - ART, MLT; ASQ CMQ/OE CQA
- Edna Parker
  - MA, MT(ASCP)
- Ruth Pollison
  - MS(HSA)
- Sarina Rodriques
  - MSH, CLS, MT(ASCP)DLM
How was the BOK established?

• Domain Authors
  • 21 Experts
    ▪ CLMA members
    ▪ Specialized in a Domain
Certain topics and tasks overlap different domains; as such, additional information on a number of topics may be found in more than one domain.

Competencies may not have all three levels defined in order to reflect the current scope of practice.
CLMA BOK Domains

1. Governance and Organizational Dynamics
2. Business and Clinical Operations
3. Financial Management
4. Strategic Planning and Marketing
5. Human Resource Management
CLMA BOK Domains

6. Quality Management for Patient Safety
7. Information Management and Technology
8. Compliance and Risk Management
9. Medical Decision Support
10. Professional Development
How Do I Use the BOK?

• Roadmap for career development
• Guidance for developing educational opportunities
  - Author an article
  - Present an educational session
• Resolve management issues
• Write clear and concise job descriptions, evaluations, goals and want ads
• Map out strategic initiatives
Using the BOK: Domain 1
Governance and Organizational Dynamics

- Institutional organization functionality
- Corporate mission and vision
- Development of department activities to support strategic plan
- Quality initiatives to support institutional goals and values
Using the BOK: Domain 2
Business and Clinical Outcomes

- Patient and customer value
- Work processes that meet facility requirements
- Improvements that reduce variability, minimize errors and ensure quality
- Workplace preparedness plans for disasters and continuity
Using the BOK: Domain 3
Financial Management

• Develop and Implement budget
• Knowledge of reimbursement
• Internal audit of collections to maximize return on investment
• Monitor and control the allocation of resources
• Capital investment decisions
Using the BOK: Domain 4
Strategic Planning and Marketing

- Departmental strategic plan
- Dynamic annual business plan
- Marketing plan
- Outreach service and education
- Customer feedback process to ensure market retention and customer satisfaction
Using the BOK: Domain 5 – Human Resource Management

- Recruitment and Hiring
- Compensation and Benefits
- Operational Staffing needs
- Develop and Retain Talent
- Employee Satisfaction
- Resolve Employee Issues
Using the BOK: Domain 6
Quality Management for Patient Safety

• QC Program for quality testing
• QA Program – key indicators of laboratory quality
• QMS Program for meeting requirements (regulatory, accreditation, etc.)
• Financial impact of quality
• Institutional quality improvement
Using the BOK: Domain 7
Information Management and Technology

- Accurate and consistent flow of information
- Computer environment and regulatory needs
- Information system security
- Implementation of new and inactivation of old information systems
Using the BOK: Domain 8
Compliance and Risk Management

• Compliance with CLIA
  ◦ CAP, AABB, COLA, TJC, etc.
• Compliance with HIPAA
• Occupational Safety
  ◦ OSHA, EPA, DOT, etc.
• High-risk compliance areas
• Signed contracts with outside organizations
Using the BOK: Domain 9
Medical Decision Support

- Optimal test utilization
- New methodologies, tests and equipment
- Seeking provider involvement
- Improving service levels
- Institutional culture that is patient-focused
Using the BOK: Domain 10
Professional Development

- Professionalism
- Professional goals for career development
- Develop personal attributes for a leadership role
- Identify continuing education to develop opportunities
- Evaluation of effectiveness
Primary Uses of BOK
